

NESTLE ranging pole bag

Bag for 12 rods á 1m

Product number :11906000

Topfeatures

- Handy and compact transport bag
- Space for 12 half rods

All special features at a glance

- Convenient to transport.
- Especially for our dismountable ranging poles.
- Robust design with reinforced base.

Description

The bag for ranging poles with 1 m length is especially suitable for dismountable ranging poles from NESTLE. Due to the robust design with reinforced bottom, a handy and compact transport is possible. There is no need to transport individual staff segments in a cumbersome way.
