

## NESTLE Cross Line Laser NCL-2 SET

### Robust cross line laser with red laser beam in SET

Product number :16116001

#### Topfeatures

- Cross line laser NCL-2 in SET with wall holder and case

#### All special features at a glance

- Practical SET with wall holder and case
- Thanks to the simple and clear control panel, operating errors are eliminated
- Fixation of the horizontal and vertical laser line possible so that you can work in any position
- Battery indicator flashes when battery voltage <3 volts
- With a 1/4 thread connection, the laser can be mounted on tripods and wall brackets. This makes it even more flexible in use
- Acoustic warning signal when the laser is no longer in the water
- Horizontal and vertical line 120° beam angle

#### Description

The NCL-2 cross line laser has an extremely robust construction, is also rubber-coated and therefore especially designed for tough, daily use. It has fine, yet strong laser lines that are excellently visible even over longer distances. The built-in pendulum compensator enables reliable self-levelling. The simple operating concept makes it quickly ready for use and ideal for interior work. The NCL-2 set consists of: NCL-2, target plate, wall mount NWM-802, case, laser goggles, batteries, instructions

#### Technical Details

Working range / with detector	20 m / 50 m with receiver
Operating time	< 8 Hours
Weight	480 g
Weight SET	3600 g
Threaded connection	1/4" "
Storage temperature	- 20°C to + 60°C
Laser	635 nm visible, class 2
Dimensions	119 x 62 x 95 mm
Self-levelling range	4 ° ± 0,5 °
Tolerance horizontal line	± 3 mm per 10 m
Tolerance vertical line	± 2.5 mm per 10 m

#### Scope of supply

MIT DEN BESTEN MESSEN

Cross line laser NESTLE NCL-2, Target board, Wall bracket NWM-802, Suitcase, Laser goggles, Batteries, Manual
