

NESTLE PULSAR H Set

Excellent price-performance ratio.

Product number :16019001

All special features at a glance

- Practical set consisting of:
- NESTLE PULSAR H - fully automatic horizontal laser
- NESTLE levelling stand in medium-heavy design with standard head plate
- NESTLE laser bar with sliding adapter and clamping lever (length 130 240 cm)
- NESTLE laser receiver PDRG60 with mm display.

Description

The PULSAR H is a fully automatic, horizontally operating rotating laser with a simple operating concept. In case of vibrations or shocks, the laser automatically interrupts the rotation and thus prevents measuring errors. The robust aluminium housing and the high quality of workmanship make it ideal for tough use. The Pulsar H is supplied in a set with laser rod and tripod. Includes laser receiver PDRG60 with mm display, unique in this class!

Technical Details

Working area with receiver	Ø 600 m
Operating time	20 h
Weight laser	3000 g
Laser diode / colour	635 nm, class 2 / red
Dimensions laser	215 x 190 x 210 mm
Rotation speed	600 U/min
Protection class	IP65
Self-levelling range	± 5°
Temperature range	-20 °C to +50 °C
Tolerance	±1 mm per 10 m

Scope of supply

NESTLE Pulsar H, NESTLE levelling tripod, medium weight, NESTLE laser rod with sliding adapter / clamping lever, Carrying case, Laser receiver PDRG60 with clamp, Charger, Target board, Laser goggles
