

Field computer NC-6

6" Robust Android handheld

Product number :26051001

Topfeatures

- Sunlight readable 6" display
- Extra long battery life of up to 15 hours
- IP68 water and dustproof
- MiL-STD-810G Shock and drop resistant

All special features at a glance

- Robust field controller for GIS, surveying, monitoring and much more
- Android-based operating system as the optimal platform for surveying software
- Numerous communication interfaces for professional work
- Many integrated sensors (e.g. GNSS, loudspeaker, microphone, compass, NFC...)

Description

The NC-6 tablet is IP68 certified and has been developed for anyone working in harsh environments. Thanks to the ergonomic design, the user does not get tired. The battery operation is sufficient for a whole day's work in various application areas. The NC-6 is suitable for outdoor work such as surveying, GIS, monitoring and much more. A powerful 2.2 GHz CPU, Android 10, built-in GNSS module, 6-inch display and 64 GB internal memory are the main technical features. The replaceable battery guarantees a full working day without interruption.

Technical Details

Battery / operating time	Li-Ion 8000 mAh, up to 15 hours Hours
Screen size	6 "
Working memory	4 GB
Operating system	Android 10.0
Data storage	64 GB
Weight with battery	375 g
Dimensions	192 x 91 x 14.5 mm
Processor	Octa-Core 2.2 GHz
Screen resolution	1920 x 1080 Pixel
Communication	2 Simslot, LTE, Wifi, Bluetooth, SD, USB, Pogo pin
Environmental specification	IP68

Scope of supply

Tablet, USB charging cable
