

GEOMAX Zenius800 Android Tablet

For tough construction site use

Product number :29118000

Topfeatures

- Sunlight readable display
- Extra long battery life of up to 15 hours
- IP67 waterproof and dustproof
- MiL-STD-810G Shock and drop resistant

All special features at a glance

- Robust field controller for the control of all Geomax GNSS antennas and total stations
- Android-based operating system as optimal platform for XPAD software
- Numerous communication interfaces for professional work

Description

The GeoMax Zenius800 field controller uses the latest technology to deliver the highly accurate results and maximum efficiency required for success in the field. BIM and CAD files are quickly uploaded and easily edited. With an IP67 rating, the Zenius800 operates reliably despite adverse environmental conditions. The water-repellent touchscreen is impervious to water or dust. This Android-based field controller is optimally suited for working with all Geomax GNSS antennas and total stations.

Technical Details

Battery	Li-Ion 8200 mAH
Working memory	4 GB
Operating system	Android 8.0
