

NESTLE Folding levelling rod wood, 4m / 50cm

Folding rule and levelling staff in one

Product number :18510000

Topfeatures

- Proven and simple to use
- Stable articulated joints

All special features at a glance

- Made of wood, strong springs
- Front with E-pitch, alternating red and black per metre
- Back white with mm graduation

Description

The levelling folding rule, which is made of selected woods, is suitable for use with an optical level. There is an E graduation on the front and a classic metric scale on the back. A weather-resistant varnish prevents abrasion of the scales and damage to the links.
