

NESTLE TELEMESS TM-500

Truck altimeter with fold-out hook, 5m

Product number :18305001

Topfeatures

- Quick measurement of clear heights.
- Made in Germany.

All special features at a glance

- The mm graduation on the front measures from top to bottom.
- Telescopically extendable and thus convenient to transport with the short transport length and low weight.
- Imprint protected from abrasion by protruding edges
- Stable push-button latching prevents the parts from collapsing.
- Ideal for height measurement on trucks / commercial vehicles.
- The fold-out and lockable hook is plastic-coated and therefore has no hard or sharp edges, so that neither the vehicle nor the load are scratched during measurement.

Description

The 5 m telescopic metre with fold-out 70 cm hook is ideal for height measurements of trucks or commercial vehicles. Depending on the model, the telescopic metres can be extended to a height of 5 m and can therefore be transported comfortably and in a space-saving manner. Please refer to the technical data for details. The mm graduation on the front measures from top to bottom. The imprint is protected from abrasion by protruding edges. The stable push-button grid prevents the parts from collapsing. The fold-out and lockable hook is plastic-coated and thus has no hard or sharp edges, so that neither the vehicle nor the load are scratched during measurement.
