

NESTLE measuring wheel, precision model, solid wheel

Simple distance measurements over long distances

Product number :12000001

Topfeatures

- Due to the high quality production, our measuring wheels often provide decades of service in tough daily use.
- As a quality certificate, you will receive a test sticker on each measuring wheel that indicates the tolerance of the wheel. This is only available with measuring wheels from Gottlieb NESTLE!
- Easy handling - top precision
- Tolerance < 0.02%

All special features at a glance

- For official use, a version with official declaration of conformity is optionally available (formerly known as calibration).
- Quality counter MADE IN GERMANY mounted above the measuring wheel, easy to read from a standing position.
- Counter also counts backwards, subtractions are possible.
- Zeroing lever directly next to the counter enables a quick reset.
- Stable and generous storage bar, easy to fold out to the rear.
- Integrated brake prevents unintentional falsification of the measurement result.
- Foldable guide rod.
- Sturdy solid disc wheel keeps the measuring wheel securely on track and ensures maximum running smoothness.
- The rubber is ground to exactly 318.5 mm diameter.
- The wheel's framework is robot-welded and guarantees for lasting quality and durability.

Description

The NESTLE measuring wheel is a precision-modelled solid wheel developed for mechanical metrology. The wheel is solid and has a measuring range of 9999.99 m / cm. The impeller diameter is 318.5 mm and the wheel circumference is 1 m. The tolerance is less than 0.02 %. The weight of the measuring wheel is 4100 g. The colour of the measuring wheel is bright red. The measuring wheel is also suitable for official use. The measuring wheel is supplied with a test sticker indicating the tolerance of the wheel. The measuring wheel is precise and easy to handle.

Technical Details

Tolerance	%
Colour	Luminous paint red
Weight	4100 g
Wheel	Full wheel
Wheel diameter	318.5 mm
Measuring range	9999.99 m / cm reading

MIT DEN BESTEN MESSEN

Wheel circumference	1 m
Additionally for official use (Declaration of Conformity)	Item no. 70100120

Scope of supply

NESTLE measuring wheel, solid wheel version
