

NESTLE plummet pole aluminium, telescopic pole including adaptation

Fast staking

Product number :11201000

Topfeatures

- Flexibility through telescopic pull-out.

All special features at a glance

- Plumb bob with telescopic extension
- The metal plummet pole allows exact alignment to the desired height in a range between 100 and 180 cm.
- The stainless steel tip serves as a plumb bob.
- An adapter for the prism is included in the scope of delivery.
- Fixation via wing screw.

Description

This aluminium plummet pole with telescopic extension is suitable for setting out or alignment work with a double pentagon or an angle prism. Thanks to the practical telescopic extension, between 100 and 180 cm, and a stainless steel tip, it enables exact alignment. The height is fixed with a wing screw.
